Team Webmasters can:

- Add team specific news articles to communicate to players, parents, fans
- Add team accomplishments
- Add scores and results for scheduled games(even from your phone)
- Add team events to the team calendar (i.e. pizza party)
- and more.....

All of this seen only at the team level.

Category Webmasters can:

- Add news articles to communicate to players, parents, fans of all teams in the category
- Add accomplishments of all teams in the category
- Add category events to the category calendar (i.e. pizza party)
- and more.....

All of this is seen on the category site as well as all team sites in that category.

- Notes

- Let me know who your managers, Assistants and trainers are.
- Let me know who will be the team webmaster
- Let me know if you want your team roster added to the site. This is required if you want to track individual stats.
- Get your players/parents to sign up for email or text updates from the scheduling module (see instruction flyer)
- Always refer players/parents to the site for the most up to date schedules. They should check the site before they leave.
- This can be a great tool to communicate to players, parents, fans quickly, easily and consistently.
- If you need help, email me: adamseys@gmail.com
